DUO PLUS COMPACT
The all-rounder with a plus in quality and safety
DUO PLUS COMPACT
Well packed - safely

DUO PLAST, your specialist for stretch film, presents you the DUO PLUS COMPACT, the all-rounder with a PLUS in quality and safety to meet the toughest demands and give optimum results. The multi-layered co-extruded film, produced in one of Europe’s most modern and best-equipped manufacturing facilities, is made from the highest quality raw materials and is subjected to regular inspections in our in-house laboratory. We can therefore assure consistently premium quality.

THE ADVANTAGES

THE VERSIONS

BENEFITS & SAFETY

• Superbly well suited for the winding of round and square bales on all commonly used winding devices
• Extremely high tear and puncture resistance and can be used with heavy silage materials and under extreme weather conditions
• Optimum yield – can be pre-expanded by more than 90%
• Optimum adhesive force - perfectly sealed film layers and dense bales
• Optimum oxygen barrier - excellent silage quality
• Easy handling of bales thanks to smooth outer side
• Quiet rolling characteristics - can also be used in residential areas without any problem
• Best colouration and opacity of film
• No adhesive deposits on the rollers on the winding device
• Food-safe and extremely robust: made entirely of polyethylene without noxious pollutants, 100% suitable for recycling

THE VERSIONS

• Colours: White, green, black
• Special versions possible on request
